To Whom It May Concern:

Loaded Bases have an annual banquet for our slo-pitch league and this past September we hired the Nevada Rose Band for our entertainment.

We have approximately 150 people attend our banquet each year and have used D.J.'s in the past, however, this year some of our members had heard about Nevada Rose and we decided to try them out.

Everyone had a great time; people were up dancing right away and commented about how well the band sounded. They have a great variety of music that they perform and played quite a few requests for us as well.

We would recommend the band to anyone looking for great performers who conduct themselves quite professionally. Loaded Bases have advised them that we will be booking them again for our functions.

Sincerely,

Grant LaRocque
